A WILSONART COMPANY

With the launch of the new 2007-2012 collection, Polyrey celebrates 50 years of creativity in the decorative laminate industry.

Designed to last for 5 years, the collection will provide stability of the core collection and will allow for the enrichment of your interior fitting projects, whilst alleviating the worry of discontinuation of decors.

Annual creative additions to the 2007-2012 collection will however keep Polyrey designs at the forefront of decorative trends.

Proud of its history and trusted by its customers, this collection is at the heart of Polyrey's expertise within the industry of high pressure laminates and its by-products.

Focusing on its core business, the complementarity of laminate and melamine faced board has been reviewed to provide the best solution and service for your projects.

The new collection is a journey which will lead you through bright and colourful, urban and sophisticated or simple and timeless themes.

It combines colour, decor and light.

We create for you.

Avec sa collection 2007-2012, Polyrey signe 50 ans de créativité au service des revêtements stratifiés décoratifs.

Fruit de la maturité, cette nouvelle collection est conçue pour durer 5 ans. Cinq années pour assurer la stabilité du cœur de collection et vous permettre de valoriser et d'embellir vos agencements sans vous soucier de la durée de vie des décors.

Mais également l'assurance de rester dans la tendance décorative grâce aux créations annuelles qui viendront compléter la collection 2007-2012.

C'est fière de son histoire et de la confiance que lui ont accordée avec le temps ses clients, que Polyrey revient aux sources en basant l'essentiel de sa collection sur le stratifié décoratif haute pression et ses dérivés. En se concentrant sur son cœur de métier, Polyrey peut ainsi vous proposer le meilleur de son savoir-faire.

Nous avons donc repensé la complémentarité stratifié-méla miné pour vous assurer la meilleure solution et le meilleur service pour vos projets.

Notre collection 2007-2012 est un voyage auquel nous vous invitons.

Nous l'avons conçue pour vous entraîner sur des rythmes pop et colorés, urbains et sophistiqués ou tout simplement classiques et intemporels...

Elle est à la fois couleur, décor et lumière.

Les finitions de surface y sont à l'honneur, magnifiant les brillants et les mats, les effets de pierres lisses ou de bois grainés.

Nous créons pour vous.
