Origine *Premier*

Innovating the touch of Nature

Origine Premier

Innovating the touch of Nature

From the inspired simplicity of Nordic design to the sophistication of highly-polished precious woods, Origine Premier brings you all the richness and diversity of wood, perfectly combined with matching finishes to further indulge your creativity.

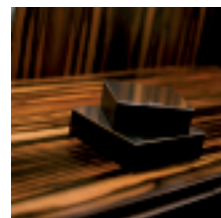

Rugged Design

A world of light and bleached woods, where nature and simplicity combine to bring elegance to decors inspired by wooden crates and driftwood. Discover a raw look; a return to nature; a symbol of modernity where the sophistication is born from the pure, rustic nature of the decor.

Classic yet modern

Traditional wood grains enhanced by true contemporary surface finishes which add a touch of soul to this collection; a modern, elegant timeless look. Indulge yourself with a return to tradition to create comfortable, yet forward-looking schemes.

Precious Luxury

Exotic, precious woods with luxurious finishes; a family of dark woods whose preciousness is enhanced by the rugged finishes: from the exuberance of the highly polished to the solidity of the extra matt. Dare to try some luxury and express your passion in all that is beautiful through warm, sensual decors to create timeless attractive designs.
